

GATOR® OUTLET GATES

30"x 30" GATOR® OUTLET GATE
Part Number: SBL-AC02A01*

*Part numbers listed are for images shown. Please contact Customer Service for additional options.

Hopper Car

The new GATOR® hopper car outlet gate significantly improves the unloading of grain, fertilizer, corn, and other dry and light commodities.

FEATURES & BENEFITS

- Available in 30"x30" or 42"x42" sizes
- Leak Proof - Reinforced Bolting Flange
- Low Operating Torque
- No Pinion Skipping
- Rolled Flange Construction
- Smooth Hopper Surface Allows for Uninterrupted Flow
- Low Wear, High Strength Capstan
- Durable Automatic Lock
- Self-Cleaning
- Light Weight Construction
- Security Seal Tab

DEPENDABLE & EFFECTIVE

The Stucki GATOR® outlet gate features polyethylene door seals for ease of operation, an automatic locking door plate mechanism, and a self-cleaning door wiper.

THE FIRST OF ITS KIND

A new security mechanism has been engineered to deter door-plate theft. This vital feature is the first of its kind in the rail industry.

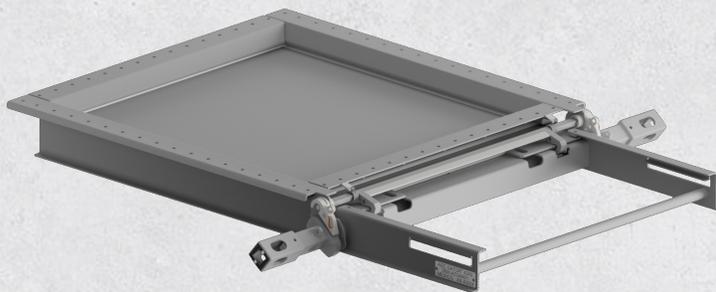

ADDITIONAL CUSTOMIZED OPTIONS

- Stainless Steel Hardware
- Available in 7 ga Steel
- Variety of Powder-Coated Options
- Food Grade Quality
- Heavy Duty Bolt-on Frame
- Standard 66 Bolt Pattern
- Weld-on Version

ADDITIONAL BENEFITS

- Lighter than current models without sacrificing strength.
- High quality, flexible UHMW seals are easy to replace.
- Low torque operation for easy unloading and closing.
- Efficient design helps door to catch on gears when inserting after reassembly.
- Strong and secure locking mechanism indicates lock status and is easily visible trackside.
- Doors can be removed without removing operating shaft.
- Cam system ensures that the locks do not drag on the gate door while opening and closing.
- AAR S-233 approved.

42"x 42" GATOR® OUTLET GATE
