

OUR LOCATIONS

The A. Stucki Company is a family of businesses focused on being a leading supplier of highly engineered parts and systems for freight cars, tank cars, and other segments of transportation and commercial markets. We pride ourselves on our team's extensive knowledge in our products, components, and service offerings.

For over a century, Stucki has been trusted by rail companies for providing high-quality freight car and rail-related parts. Our strategic business guidelines keep us on track and focused to keep you supplied with the best product and service offerings in the industry.

Our most important asset is our people, who drive our focus on excellence, transforming business through value and solid solutions.
