

## BIRMINGHAM RAIL

If it's rail, secures rail, or rides on rail, A. Stucki Company's Birmingham Rail division provides the answer.

Since 1899, we still keep the industry moving with expertise in all older and modern locomotive repairs, renovations, maintenance, and sales. Serving the industry means moving and growing with the industry, and we continue expanding to include **crane rail, track material, switch material and turnouts.**

## OUR CAPABILITIES & FEATURES

For the railroad and industrial communities, Birmingham Rail offers a comprehensive approach, combining the highest quality products with unparalleled service. We operate with the philosophy of total quality commitment and outstanding customer service support. We employ professional and highly motivated employees operating as an extremely effective team. Our industry strength lies within our focus on traditional products while seeking out niche opportunities and services to better meet each and every need of our customers.
