

# A. STUCKI

We listen. We serve. We support our customers.

## Reconditioning & Repair Services

### BREATHING NEW LIFE INTO YOUR VALUABLE ASSETS

Our Reconditioning and Repair Services help leasing companies, OEM, railroads, and shippers save money by prolonging the life of your essential rail components through expert maintenance and repurposing. We breathe new life into your valuable assets. Extending the lifespan of railcars and components, we maximize your investments and minimize downtime, keeping your railcars rolling.

#### WHEELSETS

New and reconditioned wheelsets, bolsters, side frames, couplers/yokes, truck assemblies and more.

#### COUPLERS & YOKES

New and reconditioned railcar couplers and yokes.

#### TURBOCHARGERS

Outright sales or remanufacture of Alco, EMD and GE Locomotive turbochargers.

#### DRAFT GEARS

Locomotive draft gear reconditioning services. Outright or repair & return of NC390 and 391 models.

#### AXLE MACHINING

Locomotive axle machining services.

#### ROLLER BEARINGS

Recondition all sizes and brands of roller bearings for freight car applications.

**We're all about making the best use of your resources.**

**LARGEST RECONDITIONER IN THE U.S.**

We lead the nation in distributing, manufacturing, and reconditioning locomotive and freight car draft gears.

**GET YOUR PARTS FAST**

Using North America based vendors allows for quick 3 – 5 day turnaround times vs. the 30 day industry standard.

#### PROGRAM WORK

In stock draft gears can help jumpstart your changeout programs. Continuous core exchange and reconditioning will keep your project moving without delay.
