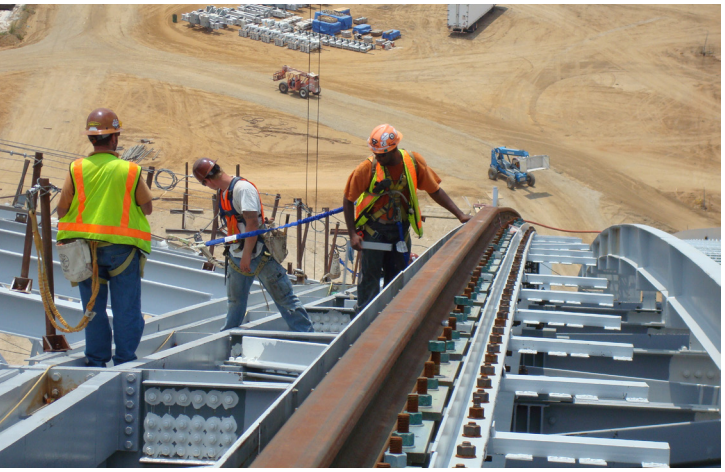
COMPLETE RAIL SOLUTIONS



BIRMINGHAM RAIL

As part of the trusted A. Stucki Company family, Birmingham Rail delivers the full spectrum of rail solutions with the experience, innovation, and reliability that have defined the Stucki name since 1899. If it runs on rail, secures rail, or is made from rail — Birmingham Rail has the answer.

From legacy locomotive repairs to modern renovations, maintenance, and turnkey sales, we keep the rail industry on track. Backed by A. Stucki's legacy of engineering excellence, we continue to grow with the industry — expanding into **crane rail, track material, switch material, and turnouts** — to provide the quality, performance, and service rail professionals rely on.

OUR CAPABILITIES & FEATURES

For the railroad and industrial communities, Birmingham Rail offers a comprehensive approach, combining the highest quality products with unparalleled service. We operate with the philosophy of total quality commitment and outstanding customer service support. We employ professional and highly motivated employees operating as an extremely effective team. Our industry strength lies within our focus on traditional products while seeking out niche opportunities and services to better meet each and every need of our customers.
