

20 Inch Non-Vented Hatch Cover

HOPPER CAR

20-Inch Non-Vented Hatch Cover

Part Number: RSAHC20ATB

The Salco 20 inch non-vented hatch cover from A. Stucki Company provides maximum protection for your product through its superior seal, high-impact design, and UV-shielded material.

FEATURES & BENEFITS

- Lightweight ABS.
- Seamless and glueless gasket.
- Superior seal.
- Saves time, labor, and reduces accidents.
- Lockable hardware.
- Conversion arrangements available.

PROVEN RECORD OF PERFORMANCE

Significantly lighter than steel and fiberglass hatch covers at only 22lbs. UV shielded material is effective in all climates and weather conditions. With millions of our covers in service, the material quality and flawless design speak for itself.

With conversion arrangements available for every major car manufacturer, Salco can meet your vented and non-vented hatch cover needs.

Part numbers referenced are for images shown. View Stucki website for full product offering at:

DESIGN FEATURES

- UV shielded material is effective in all climates and weather conditions. Durable, high impact design provides maximum protection.
- Wide seamless and glueless gasket creates a superior seal.
- A full half-inch deflection on the gasket provides a uniform seal around the circumference of the hatch cover. Securment of arm assembly is designed to distribute pressure uniformly.
- Hardware available for all major car manufacturers.
- Lock-down hardware is interchangeable with our vented 20-inch cover.
- Saves time, labor, and reduces accidents. When used with our vented covers, no workers are required on the roof during unloading.
