

Filtered Sanitary Nozzle Gasket

TANK TRAILER

20-Inch Filtered Sanitary Gasket

Part Number: TTFSG20FDA

FEATURES & BENEFITS

- Patented gasket chevrons deliver better seal.
- White FDA material is safe for use in food service.
- 600 micron filter protects loads from bees and other insects while still allowing airflow.
- Fits securely on most 20-inch ID liquid or dry bulk manways.
- Does not require glue and is easy to apply and remove for cleaning or replacing.
- Evenly spaced intersecting ribs stabilize the filter with added strength and durability.
- Filter also protects foreign objects (pens, glasses, and tools) from falling inside the trailer.

ENHANCED QUALITY ASSURANCE

With this integrated solution, truck tank operators can streamline maintenance procedures, enhance product quality assurance, and enjoy peace of mind knowing their shipments are protected every step of the way.

The first of its kind dual-function filter and sanitary gasket offers unparalleled convenience and efficiency, ensuring both a secure seal for the manway nozzle and effective filtration of contaminants during transportation.
