

One Name. Endless Rail Solutions.

Unified under the A. Stucki
Company brand. Everything
you need, all in one place.

SIMPLIFYING THE COMPLEX

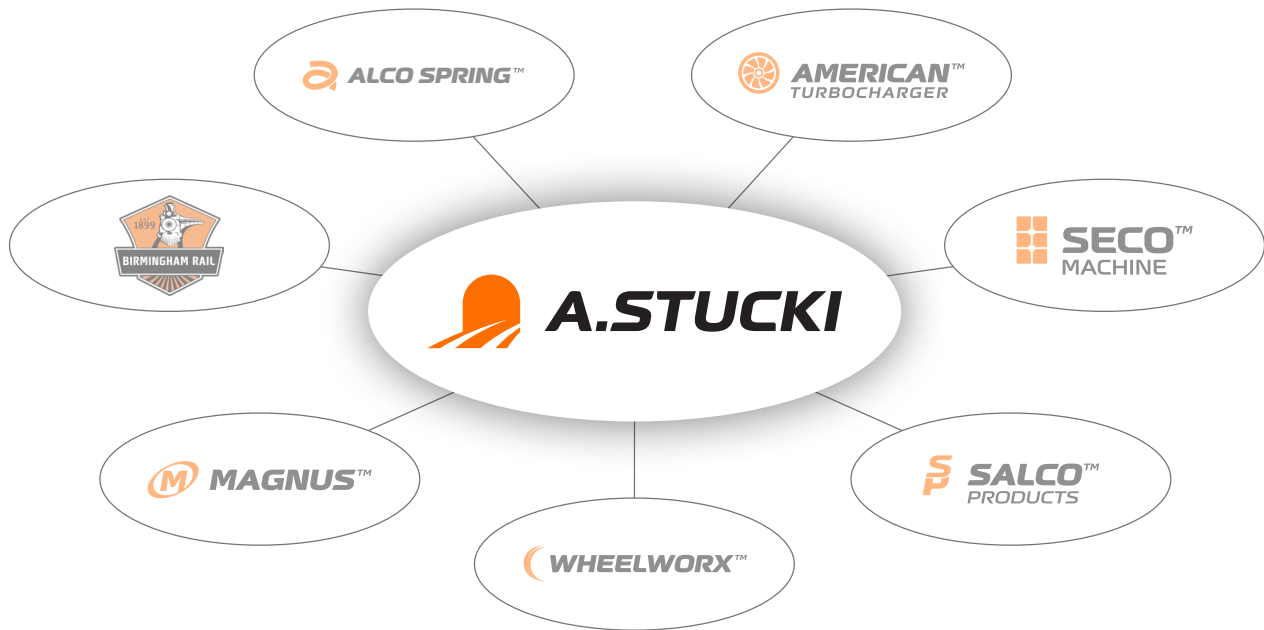

Trusted by the rail industry for over a century.

The A. Stucki Company has brought together some of the rail industry's most trusted names, including Salco Products, Alco Spring, American Turbocharger, Birmingham Rail, Magnus, and Seco Machine.

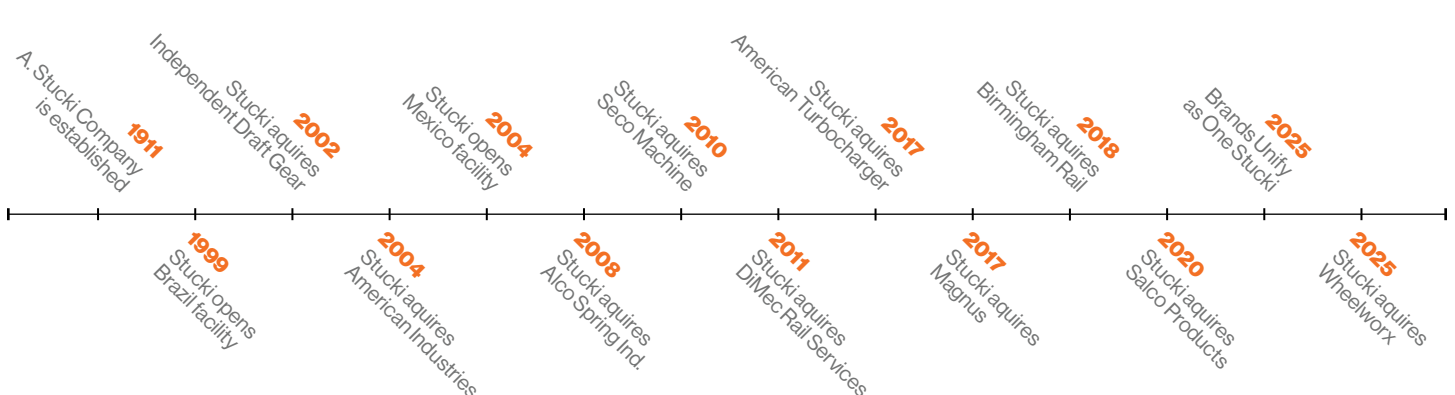

Now operating under one unified brand, we make it easier than ever for customers to access world-class components, services, and expertise through a single, streamlined source.

Seven Trusted Brands, Now One Stucki

Over 100+ Years of Growth

YOUR ONE-STOP RAIL INDUSTRY PARTNER

Key Components & Systems

Railcar Components & Systems:

Durable, AAR-approved components that keep tank cars, hoppers, and freight cars operating safely and efficiently.

Wheelsets & Suspension Systems:

High-performance, engineered solutions to improve ride quality, reduce wear, and extend the life of railcars and locomotives.

Turbochargers & Locomotive Services:

Complete turbocharger support for rail and marine diesel engines from rebuilds to OEM-quality replacement parts.

Track & Infrastructure Supply:

Everything needed to build, maintain, and upgrade rail infrastructure, delivered from multiple stocking locations.

WHY CHOOSE A. STUCKI COMPANY?

Your single-source supplier

Now unified under one brand, the collective capabilities provide single-source access to a full portfolio of rail industry parts, services and industrial solutions.

Unified Brand. Simplified Purchasing

Easier sourcing. Fewer vendors. Seamless support.

100+ Years of Rail Industry Expertise

Trusted by Class I railroads, OEMs, and shippers.

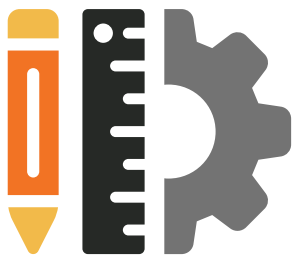

North America-Based Vendors

Facilities across North America means faster lead times. Consistent quality. Local accountability.

End-to-End Engineering Support

Custom solutions, testing, and technical expertise
We don't just sell parts, we solve problems.

Full Lifecycle Services

From new components to reconditioning and repair.
Extend asset life. Reduce downtime. Maximize ROI.

AAR Certified Quality

Meets or exceeds industry standards. Peace of mind for compliance, safety, and performance.
